EMERGENCY! HOW TO RE-ROUTE “FREQUENT FLYERS” WHO CHRONICALLY DEPEND ON 911 FOR NON-EMERGENCY CARE

Presenter: Martha Kern

Chief Marketing Officer, Lifecare Innovations

“Frequent Flyers” are widely recognized across the spectrum of emergency medicine. They come to rely on emergency services for routine care or to compensate for poor plans of care. This presentation will focus on other needs these super users meet by calling 911 and how community-based providers can halt the cycle.

Participating social workers, RNs and NHAs will be eligible to receive 1 CEU at the completion of this program. CEUs provided by Lifecare Innovations.

Seating is limited at this event. To reserve your spot, RSVP by March 3 to Susan Kocanda at 847-537-5000 or skocanda@belmontvillage.com.
