The person most responsible for getting my dad and mom into nursing care 2 years ago was Laurine Tucker of Lifecare Innovations. Not only did she directly intercede when my parents were in a grave situation in their home, but she used her powers of persuasion to get my parents into an amazing facility, Oak Brook Healthcare Center. I am convinced that without Laurine getting dad out of the house and into Oak Brook, and the subsequent care given to him by the nurses, nurse's aides, doctor, and therapists; I would not have had these extra two years to enjoy my dad. (Comment on the healthcare workers who work and how thankless and difficult that job is.)
