

Informal Caregiving: The Real Costs, Risks and Considerations

Join Us for a Complimentary Seminar

Wednesday, June 12th | 1:30pm - 2:30pm

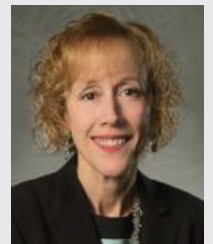

Joliet Branch | 1401 N. Larkin Ave., Joliet, IL

Please join Vince Bailey of the *BankFinancial* Trust Department and Martha Kern of Lifecare Innovations for a complimentary healthcare seminar.

A large percentage of the care provided to seniors and individuals with disabilities in the U.S. is provided by family members, friends and other non-professional sources. It usually starts small and spirals into a larger and more involving enterprise, and sometimes the safety of the care receiver or care provider is compromised. Whether you are taking on the role of caregiver or looking for someone to provide this service to a family member, this presentation will outline the hazards to watch for and some simple precautions to protect all concerned.

Vince Bailey
Wealth Advisor
BankFinancial

Martha Kern
CMO
Lifecare Innovations

Refreshments will be served. We look forward to seeing you there!
